# Mikvah Mei Menachem

## Why a Mikvah?

There is nothing more holy in this world, nothing more precious to its creator, than the union of a man and a woman. It is after all the fountain of life. What could be more precious than life – other than the source from which life comes? The union of a man and a woman is so precious that if it is treated casually, without conditions or boundaries, it becomes ugly and even destructive. This is why in Jewish life there is a cycle of union and separation between husband and wife, and why the most important institution of Jewish life next to the home is the Mikvah which stands at the vortex of that cycle. Because precious things only stay beautiful when you follow the creator's instructions.

## When Mikvah came to Cyprus?

After 2 years of consistent growth and community enthusiasm we were extremely proud to hold the grand opening of "Mikvah Mei Menachem". With the generous help of friends, community members, and sponsors we succeeded in building the first Mikvah in Cyprus.
